

When Your Patients Want to Soothe Their Dry Mouth Symptoms, We're Ready to ACT®

Recommend ACT® Dry Mouth Products - From the #1 Dentist & Hygienist Recommended Fluoride Brand*

Lozenges and moisturizing gum do not contain fluoride.

Use as directed.

1 Fluoride Mouthwash

ACT® is powered by sodium fluoride to help protect teeth against decay if dry mouth (Xerostomia) reduces saliva production.

- **Helps protect against cavities**
- **7 effective moisturizers** provide immediate comfort
- **Gentle and non-burning** alcohol-free formula
- **Freshens breath and tastes great**, made with Xylitol

2 Form

Three different forms help soothe dry mouth symptoms at home and on-the-go.

- **Mouthwash**
Contains 2 hydrating polymers to lock in moisture
- **Moisturizing Gum**
Soothes dry mouth and freshens breath
- **Lozenges**
Helps stimulate saliva production and freshen breath

3 Flavor

A full line of great-tasting products specially-formulated with Xylitol.

- **Mouthwash**
Soothing Mint
- **2 Flavors of Chewing Gum**
Bubble Fresh & Soothing Mint
- **2 Flavors of Lozenges**
Honey-Lemon & Soothing Mint
